Dear Mr. H. George:

I thank you for your kind gift. I shall read it with pleasure. I am not a politician, but I am hoping to realize your father's idea.

I have many to write you, but now I can not as I do not know you yet. I am a christian believing quakerism, and wishing to serve for the peace of world. Please write me often when I know you well I shall write you my thoughts about social subjects. My English is incomplete, so you will not understand. Allow me to ask you will you speak or read esperanto; now I am studying it. May I write you in esperanto.

Yours truly

J. Lido
