SAGE'S PAGES - Published monthly by the Society for the Advancement of the George Economy, Inc., 50 East 69th Street, New York 21, N.Y. Publication Committee: Sidney Blitz, Chairman; Mabel L.Rees, Henry Joel, Constantin Lent, Ed Cooney. Vivian Kiliaen-Rodney, Editor.

A PRESIDENTIAL NOTE

It is gratifying to note that more and more members are becoming active in the organization. As this spirit and e nthusiasm permeates through the group, the concrete manifestations of purpose in action are externalized. The respective committees have programs of action lined up and will expand these programs as the unassigned members express their willingness to serve in some capacity in one or more of them.

The Education Committee has a tremendous scope and could utilize the services of many, many members in numerous ways, such as governmental, union, educational, periodical, and institutional contacts; the Advertising & Public Relations Committee has openings for Special Release writers, copy writers, artists, collaters and planners; the Distribution Committee desires many more people so as to enlarge its schedule of personal literature distribution at public meeting places, lectures, concerts, etc; our Membership Committee is embarking on a program of contacting past graduates on a planned, consistant basis with follow-up action.

You see, there is a place for everyone who can and will serve. If each of us were to volunteer to devote one evening a week to SAGE, what a great upsurge in accomplishment would result! However, most of us have a good many other duties and obligations aside from the necessity of earning a living and maintaining a home, so all we can ask is that, to the fullest measure of your ability and time, you give what you can. Endeavor, even in a small extent, to serve on one of the

standing committees. Many comments have been received on the consistent improvement of SAGE'S PAGES. Praise and appreciation spur effort and SAGE'S PAGES staff is no exception. They want to make it the most interesting and informative organizational periodical of its kind and are striving continually to make it so. They look forward to the day when it will be a printed job. Associate as well as Regular Members are invited to make the paper a medium of written expression, original or otherwise. What is going on in your "neck of the woods"; what has or will happen; who deserves to be in the new s; what perversity has developed; how are legislators acting on laws; did some humor come up worthy of publication? The economic field is so broad that everyone at some time or other has thought of, or come across, an item or arcicle of general interest. Remember, it is your paper; it reflects us, SAGE. Why not contribute to it, too?

As an information sheet, we list a complete calendar of events. It is costly in both time and money, to spend it in sending out special notices and announcements. Tack the Calendar of Events on your wall somewhere and refer to it daily as a re minder of meetings, events and social affairs. Don't make the lame excuse that "I forgot about it". SAGE is important to you and you are important to SAGE. Lets keep our activities alive and p rogressive by devoted attention to all that

transpires.

George J. Musalino, President

"TIME SCHEDULE" FOR OCTOBER 1950

Thursday - 5th - Education Comm. - Typists, everybody who can read & write

Thursday - 12th - Education Comm. - Typists, folding and stamping

Thursday - 19th - Education Comm. - Typists, folding and stamping

HIGHLIGHTS OF OUR HEADQUARTERS

A brochure, now in course of preparation by our Director, Mr. Robert Clancy, listing the chief points of interest to be found within the Henry George School. should provide an additional stimulus for both visitors and students to make an

inspection tour of the building of which we are justly proud.

Some of these highlights have already been mentioned in the "History of the Henry George School", as recently published in SAGE'S PAGES, but there are many others, such as the George mementos in the glass-door cabinets in the coffee shop. A flick of the switch on the side-peneling lights up these cases where you may

The pen used by Henry George when writing his Political Economy; his Bible, when a member of St. Pauls Sunday School in 1855; a copy of the New Testament he carried in later years; his desk blotter with ornamental metal back; one of his wellets with samples of his calling cards and an original letter, written while editor of "The Standard" (George's own paper), in 1887. Members and friends of the George family have presented these souvenirs, all of which bear the name of the doners on accompanying cards. Among the number are Henry George III, Agnes DeMille and Mabel Carlson.

Besides the above, showing the wide spread interest in George's works in foreign lands, there are copies of some of his books in French, German, Danish, Polish,

Firmish, Spanish, Bulgarian, Russian and Chinese.

Other objects calling for attention are busts and paintings of Henry George, photographs, plaques, charts and maps so distributed throughout the building as we make it worth while to visit every floor. Each activity and department with us own particular location serve to emphasize the many different aspects of cur

Why not join SAGE and help us to help the School in the way that most appeals to YOU?

Mabel L. Rees

A GLIMPSE OF THE SAME STAR

Writing in "The Standard" of October 19, 1889, Henry George stated; "But there ere, as I have always contended, self-evident truths, which anyone who will look may see, and which, even when covered up by force and obscured by sophistry, have in every age and among every people had their witnesses for they are a part of the natural order as much as the attraction of gravitation, Not my system or anybody else's system, but the old and natural system, the only one conforming to the natural laws. --- But I knew that if it was really a star that I had seen, others must have seen it too. And so in "Progress & Poverty" I said in that book that it would come to many to whom it would seem like the echo of their own thoughts" (Fhilosophy of Henry George by George Geiger; Pages 170 and 171).

-Great Minds Meet Across The Centuries

In the Third Century B.C. Archimedes, the most celebrated of ancient Greek mathematicians, thinking doubtless of his inventions of levers and pulleys, is said to have exclaimed, "GIVE ME A PLACE TO STAND AND I VILL MOVE THE WORLD!" have it: before a man can accomplish anything he must have a foothold on the earth, - a fundamental truth, expressed in various ways that continues echoing down the

Most likely unaware of the full implication of his remark, let George enlarge

upon Archimedos statement:

Continued on Pege "4"

A GLIMPSE OF THE SAME STAR ... Continued

Speaking of the laws of our physical being in Book 3. Chapter 6. Page 352. George says: ... "And the fundamental perception of the concept of land .- whether in the wider use of the word as that te rm in political economy signifying all that external nature offers to the use of man, or in the narrower sense which the word usually bears in common speech, where it siginifies the solid surface of the earthis that of extension; that of affording standing-place or room."

Continuing on Page 359, we re ad; "In every form or subdivision of its three modes. - (adapting, growing and exchanging) the exertion of human labor in the production of wealth requires space: -----this is as true of the tailor, the carpenter. the machinist, the merchant or the clerk, as of the farmer or stock grower, or of the fisherman or miner."

Mabe 1 L.Rees

EDUCATION COMMITTEE REPORT

Anita Wener and I sent out 500 Speakers Bureau pieces of literature...we have already received one reply, but a full report will be made in the next issue. And ta and I also sent 200 enrollment cards to nurses in New York City and also sent the same nurses literature concerning Henry George, "Progress & Poverty" and the Henry George School. The literature was supplied by the School and was sent in SAME envelopes, while the enrollment cards were special ones with SAGE'S name on them. A full report will be rendered at a later date.

Bill S.J.Res.163, from the CONGRESSIONAL RECORD, is a Joint Resolution to des gnale the reseveir above Baldhill Dam in North Dakota as Lake Ashtabula, and we would suggest cutting out and sending in to Congress the following letter.

Elaine Wener, Chairman, Education Comm.

Gentlemen:

In reference to Bill S.J.Res, 163..... I am certainly in favor of improvements of this kind, as I feel it will enrich the land and be beneficial to all those who can use it.

In order to encourage more legislation of this kind, I think it would be wise to put a tax on the land value of the land that would profit from the building of the dam. This increased value of the land that will be made by the building of the dam, will be equivalent to the amount necessary to the building of it and all those around that area will benefit, the Government will benefit, and more beneficial projects of this nature can be undertaken once it is found They can more than pay for themselves.

This same idea can be applied to many other beneficial things, if the Government has the foresight of taking its revenue from its natural source.

S.A.G.E and PEOPLES SECTION OF U.N.

At the invitation of the American Association for the United Nations and the National Citizen's Committee, in charge of United Nation's Week, from October 16th to 24th, over one hundred non-government organizations, of which S.A.G.E. is one, were represented at a preliminary meeting held on September 17th in the grand ball room of the Walderf-Astoria, with the United States Delegation to the United Nations.

The date marked the 163rd anniversary of the adoption of the U.S. Constitution and in view of the large attendance, optomistic speeches and enthusiastic applause, the occasion was one to inspire continued hopes for freedom and the survival of civilization. Wrs. Franklin D. Roosevelt presided, while notable addresses were delivered by the Hon. John D. Hickerson, Assistant Secretary of State for United Nations Affairs and by Ambassador Warren R. Austin, our representative to the United Nations.

In the speeches stress was laid on the fact that in spite of the delaying and obstructive tactics of the representative of the Soviet Union, in preventing the Security Council from taking many necessary steps toward the preservation of international peace, a way must yet be found to strengthen the U.N. in acting against aggressor nations, as it is now doing in Korea. For this purpose it was suggested that it be made possible for the General Assembly to act in place of the Security Council in an effort to carry out the intent of the Charter in this respect. Ambassador Austin declared that within the five years of its existence, although so often unduly hindered in its aims, the growth and influence of the U.N. had been most remarkable and encouraging. He closed the meeting by declaring, "Remember, the U.N. is not only a policeman, but a builder for world community".

(The address of the U.N. for further information, tickets, etc., and leaflets, is 45 West 65th Street, N.Y.C. For tickets to visit U.N. sessions (above mention of tickets is error), write the U.N. Admissions Office, Lake Success, L.I., allowing time for return mail, or telephone requests to Flushing 8/2000Ext.92. Requests will be granted on the day before the meeting or the day of the meeting up to seating capacity, except for Monday meetings, when recorvations must be made the preceding Saturday.)

Mrs. M.L.Rees

FENCING CLASS NOTICE

Farticipants are requested to set aside Saturday mornings at 11:00 A.M. for this sport, since Coffee Shop operations will not permit George Musalino, Instructor, any week-day evening openings.

ASSOCIATE MEMBERS ...

Throughout the country are asked to make a special effort to obtain Pocket Posters for placement in local libraries, public meeting places and places of business. Get into the movement; become active. Let's all of us make others cognizant of the economic principles which we want reflected. Write us at SAGE headquarters and we will send you as many as you can effectively place. Let's cover the country with posters and eventually we will have the country thinking and acting along Georgist lines. Those members who have already placed posters, please advise us sufficiently in advance so that card refills may be sent you.

NEW MEMBERS

We welcome the following New Members and wish them a long and active association;

Mr. Edmund S. Modell - Detroit, Mich.

Peter Ignatowsky, Chairman

THE SOCIAL SCHEDULE

For the balance of the year portends much sociability in a variation of events designed to interest each and every one. They serve to round out much needed diversionary activity, bring our members closer together in events wherein seriousness is thrown to the winds and fun becomes the order of the time, and of course, they also serve to give our treasury a few minor but vital injections. So, as you read the list, make a ring around each of the dates on your calendar right now, and note them as special SAGE events in which you want to participate. Here goes:

15 ... Spaghetti Dinner - 5:30 P.M. - After Regular Meeting 5 ... Dance Social - 5:30 P.M. - 19 ... Card Party - 5:30 P.M. -Ce tober November November 2 ... Fre-Winter Dance - 8:30 P.M. - Saturday Night December 17 ... Christmas Party - 5:30 P.M. - After Regular Meeting

You will note that following everyone of our regular meetings a social event is scheduled. Our meetings will be as direct, brief and business like as possible, so that our sociabilities may even start earlier! For your convenience, the Coffee Shop will be open for "quicky-meals" on all regular meeting days we except when a special type meal is scheduled. To help us prepare and serve you better, please, please make reservations whenever possible. It is a little consideration, but so, so important! Annette Webster, Chairman

PERSONAL GLIMPSES

SIDNEY BLITZ, our hardworking Advertising & Public Relations Chairman, had a two wooks sojourn with the National Guard at Pine Camp, N.Y. He states that he would Eacher have been in New York and is glad to be back.

JOHN YCCKEL, our genial Nominations Chairman, has had himself a grand wacation

in Yesemite National Fark. We look forward to seeing you, John.

EIHEL V. SHAPIRO, a gracious and pleasing young lady, and a graduate of the last Fall term, has been on the SAGE scene regularly of late. Fitching in on SAGE'S PAGES chearance details and attending the meetings makes her another outstanding member.

PICHARD VITZIUS, one of our earliest members, surprised us with a meeting attemdance. He stated that he had been so busy with a law course that time could not be extended. It was good to see him and trust that he will resume his regular association with us.

AUGUST KEIFER, another estemmed member, surprised us with a meeting attendance. Ho has been out of personal touch because of his work but expects that the new change

will permit him to become reactivated.

FEBECCA GCLOMB, MABEL REES, CARRIE RICHARDSON, GLORIA NANCE, IRVING FAUST, RICHARD VITIZIUS & PETER IGNATOWSKY joined a group of others prior to the September 8th mes > ing in addressing eards for the Fall Term solicitations for new members (pardon, we mean students). Their efforts are duly appreciated by the School.

ANITA WENER, ELAINE WENER, NELLIE WESTER and JOHN PIERCE wont forth on a personal distribution party, Thursday, Septomber 7th. Bloomingdale's Department Store customers that evening had an opportunity of learning the principles of some sound econo-

mics. The team enjoyed the solicitation.

Vivian Rodney, our gracious Vice-President and able Editor, had herself a much medded vacation at Crystal Lake, N.J. She broke into the middle of it to return to New York to get the last issue out. Such devotion bespeaks a sincere SAGER and Goorgist.

MARJORIE DARE, our song-bird member, is sponding a few weeks in Chicago making recordings. Marjorie sure gets around; and whereever she goes the George Philosophy

gets determined plugging. Much success to you, Marge.

Continued on Page 7

PERSONAL GLIMPSES - Continued

VAL HALLGREN, our hawk-attentioned Treasury Custodian, has had his share of _ troubles recently. His personal problems have been climaxed by the passing away of his father. We extend our deepest sympathics to him and his family.

MYRON, KESSNER, our newest member, receives our appreciation for his efforts in spreading the Georgist principles. His recent item in the "World-Telegram" is note-

worthv.

MUTH DOMNICK, one of our charming instructress members, has had a recent boreavement. Her father passed away. We extend our sincerest sympathies to her and her family.

EDVIN COONEY, bachelor extant and Movie Chairman, is now in wedded bliss. It happened September 16th. Our heartiest congratulations to him and his student bride.

BLOOD_APPEAL

H. Bennett Challis advised us that during his crucial sejourn in the Meadowbrook Hospital four transfusions were necessary. This blood must be replaced because of the critical conditions of the Blood Banks. At the last SAGE meeting George Kinnes and Norma Reid volunteered to give a pint each in his behalf. Other volunteers are necessary so as to complete the replacement. The type is of no import.

Those members who can give blood, please advise Mr. Challis by phone RH 4-0700 or by postal to the School, 50 East 69th Street. Let's help a venerable member erase

an obligation.

EXTENSION CLASSES

Extension Classes will be held in the following locations. A plea for sceretarial assistance for the first two nights at each of the classes goes out to SAGE members. Those members living in the immediate areas of these classes will be doing a good turn by presenting themselves to the instructors to assist them in some details and duties. Here is a good opportunity for some SAGERS to prove their service and to establish a pleasant introduction to our organization:

A THOUGHT

When people begin thinking, something is going to happen and we shall never get rid of recurrent periods of disturbed conditions throughout the world and avert ultimate disaster until people do begin to think and to think with a purpose.

SAGE'S

offorts have resulted in the enrollment of 100 new students (OUR GOAL) in the fundamental course of Economics offored by the Henry George School.

SAGE'S

'biggest effort' is Irving Faust who was responsible, through the placement of rosters in neighborhood stores and branch libraries, for 62 enrollments. The next 'biggest effort' was Foter Ignatewsky who accounted for 22 enrollments by keeping the Forty-Second Street Fublic Library pocket poster filled with S.A.G.E. cards.

SAGE'S

S 5 members are still actively distributing circulars and placing pocket posters throughout the Country.

You can help by putting new pocket posters in stores that do not already have them, or by keeping nockets filled in stores that display the nesters.

AS FAR AS I CAN SEE

As this scrivening goes to press, this department will have taken unto him bosom a wife. The lady is an artist and we hope that examples of her talents may be displayed at the Henry George School by the time that the snow flies.

Summer days have passed, Autumn leaves will soon be falling and ere long Winter winds will be upon us. Although they will bring us the clash of resounding arms, it were well to note that the world is still "so full of a

number of things, we should all be as happy as kings" ... And speaking of kings -No more serrowful experience is felt by the department than the closing of Jamaica, Aqueduct and the Belmont race meets, the latter a nestalgic return to an age free from many of the economic ills that assail us today. In the semi-Edwardian elegance of the Clubhouse recently we heard this unusual anecdote presented by the venerable Howard Alexander Cooney, Commissioner of Inspections,

It seems that in Great Britain, where racing is the sport, not only of kings, but of ever y subject as well, there exists a "royalty of racing".

The general administration of racing is executed by the family firm of Messrs. Weatherby. The Company has served as licensed clerks and stake-holders for the Jockey Club for more than 170 years! The Messrs. Weatherby assemble and distribute all purses. They are the publishers of the Weekly Racing Calendar and the British Stud Book. They maintain all data on horses that are running, racing colors and stables. They issue licenses, assign handicaps, select judges, organize weighing room personnel, etc. These gentlemen resemble royalty in that their official capacity is handed down from generation to generation. In almost two centuries they have never failed to have male heirs to carry on their tradition .- a secret which many a noble family must envy! Altogether this is the most

outstandingly pleasant monoply of which we have ever heard! Charles Grutzner, real estate oracle of the New York Times, states that fear of "the bomb" has enhanced a growing boom in rural real-estate. Another factor appears to be the attempt to hedge against inflation. It is very difficult to escape a tax collector. However, the purchasers of "homestead acreage" may die

Your dollar was worth 100 cents in 1939. In August 1948 it was worth 57cents. By early 1950 it was up to 60-62¢. It is now sliding down and some economists

The Federal Government has run a red-ink deficit as of July 1st, 1950, for the 18th year in a row. We now owe \$257,376,855,000 or \$1,716.00 for every man, woman and child in the United States.

Speaking of billions, kindly note that if you dropped a silver dollar into a well every second it would not only require an exceptional well, but would take you 32 years to get rid of your first billion.

The Defense Department's (pre-Marshall) explanation of the 50 billion odd dollars allocated for preparedness, is that most of the money went for "salaries and transportation"!

As per Dept. of Commerce figures, if we set out to get rid of all the slums we had in all the cities of America, it would take about 100.6 billion dollars and 15 years to do it. Some housing could be repaired, but major costs would be for land and new buildings.

Recommended to all Georgists is the tome "Day of Judgment" by David C.Coyle. It is a work of ominous prophecy - we shall say more concerning this book, nex; month.

Edwin C. Cooney

ANOTHER GRADUATION

The Summer Graduation Exercises held in the School auditorium Wednesday, September 6th, was indeed a grand occasion. The hall was filled despite the comparatively few classes held during the Summer.

As each class representative mounted the rostrum to say a few words on behalf of his or her class, it was thrilling to note the marked impressions that each speaker mide upon the audience, for each spoke with a sincerity and genuiness of feeling about what had been learned in the ten week study of economic principles as we know them, that we honestly feel that a large percentage of those granuates will be leveners for economic truth.

Joseph B. Rose addressed thr group on behalf of SAGE in a direct and pleasant appeal, and Anita Wener, Peter Ignatowsky and Sidney Blitz were on hand to distribute SAGE literature.

Our ranks should increase somewhat after such expression of student zeal and SAGE action:

"THE INDIVIDUALIST"

Subscribers to "The Individualist", that pithy, punchy periodical of perspicity put out by C.O.Steele of Bradentown, Florida, regret to learn of the termination of the publication with the August issue. Many SAGERS looked forward to the monthly items which clarified, expanded, and stimulated thought on current oconomic happenings. Perhaps Mrs. Steele will consent to writing an article or two for SAGE'S PAGES, now and then. Such literary aptitude should have occasional outlet; and what better place for expression than in a Georgists publication which is continually growing with its membership:

"HENRIETTA GEORGETTE"

A new personality, or rather a felinality, was introduced to SAGE members at the September 8th meeting. Her name is Henrietta Georgette, a sandy-orangish kitten of special pedigree, which was "ch-ingly" and "how cute-ingly" adopted as the Henry George School mascot. It is quite a social mite with a definite tendency to independence: She has accepted her new home with a nosey inquisitiveness and makes herself at ease with anyone and everyone. She will be delighted undoubtedly, to make your acquaintance, so introduce yourself to her when you come to the School:

"HIGHLIGHTS OF THE MEETINGS"

MEETING OF AUGUST 21ST:

Elaine Wener, Chairman of the Education Committee, reported that meetings have been scheduled in October to map out further plans for the distribution of literature to the various other committees and brought samples of said literature with her for our inspection.

Peter Ignatowsky, Chairman of the Membership Committee, reported on the composition of a letter to be sent to former students, now graduates, inviting them to join SAGE and he is going to conduct a systematic campaign to get them interested. The Committee will work from the School files and will send out 100 of these letters each week, at least. The Director of each Extension has also been contacted regarding graduates for the formation of SAGE groupes.

Irving Faust, Chairman of the Poster Committee, spoke to us on the various methods of distribution of these pocket posters and cards, in relation to the Fall enrollment campaign now under way.

TENNETERATE CHARACTER DE ST. La ragio es emportante de que por discolhector de discolhector de la regiona de discolhector de la compositio

"HIGHLIGHTS OF THE MEETINGS" - Continued

MEETING OF SEPTEMBER 8TH:

Sidney Blitz, Chairman of the Advertising & Public Relations Committee, reported on a plan to send flyers to organizations possibly interested in making use of our Speakers Bureau. This Committee is also working on a brochure for the use of the Membership Committee and is preparing literature for shut-ins and people in hospitals,

Joseph B. Rose, Co-Ordinator of SAGE NATIONAL, announced a final meeting of the Committee on the formulation of a Constitution, would take place on the 13th

of September.

Constantin Lent read a statement concerning the Peoples Section of the United Nations for our consideration. A Committee headed by Sidney Blitz, formed to assemble ideas for groups to discuss the current questions before submitting our collective answers to the U.N.

MEETING OF SEPTEMBER 18TH:

Peter Ignatowsky, Chairman of the Membership Committee, reported that progress is being made in our campaign to contact all former graduates.

A letter from Mr. Gilbert M. Tucker, President of the Association for Economic Justice was read to the assembly. After general discussion it was decided that while we would not send him our general membership list, we would make his organizational activities known to our members at our meetings.

A motion was made and carried that we purchase a typewriter for use in the

SAGE office.

DO YOU WANT A U. N. QUESTION_OF_THE_MONTH?

At a recent meeting the question of the proper disposal, or rather, proper distribution of the U.N. Question-Of-The-Month was discussed, insofar as we are only allowed 50 copies. These Questions are of too great importance to hand out indiscriminately and it was therefore decided that these would be sent out to those members who have taken the time and effort to study and answer, to the limit of their ability, these particular points; also we are going to give these to those of our members who show their interest in SAGE by regular attendance at the meetings.

However, we realize that there may be some members, just as loyal and just as interested, who are prevented for various reasons, from frequent appearance at our meetings, and if you are one of them, we would appreciate your writing us, requesting that if sufficient copies are available, one of them be sent you. These will be mailed out, first come, first served, so if you are interested, we would suggest your prompt response. As your "part of the bargain", you will, of course, read and study this question and send us your answer promptly, so that it might be used in the compilation of our joint reply to the U.N. Peoples Section.

The Editor

DELIGHTFUL TREAT

A delightful treat is in store for you on Sunday October 15th Our President, George Musalino, will prepare one of his famed Spaghetti Dinners after the regular business meeting ends, at 5:30 P.M. Charge per person - 75¢. Guests may be invited. Proceeds to go into the S.A.G.E. Treasury. Reservations must be made by October 12th in writing, by phone or personally.

MENU WILL BE:

Apple Juico
Spaghetti with Meat Sauce
Mixed Green Salad
Dinner Roll and Butter
Cherry Pie
Coffee

A chartered group of Georgists who, having a fundamental understanding of the Economic Philosophy of Henry George, sincerely believe that the inauguration of these sound economic principles in all lands and in all governments, will bring about peace, harmony and prosperity to all and thus enhance the individual liberties and freedoms.

Its Members Are

Teachers, doctors, ministers, students, lawyers, clerks, stenographers, secretaries, farmers, salesmen . . . individuals from all walks of life who have completed one or more of the basic and advanced courses at the Henry George School, its extensions, or its correspondence courses.

Its Officers Are

Members of the organization nominated and elected by the membership for a period of one year. They are guided by a Constitution: and all activities are conducted in a democratic, parliamentary procedure.

Its Aims Are

To promulgate and propogate the George Philosophy by every means at its command and thus bring its realization nearer: and to assist the Henry George School in its efforts to educate as many people as possible in this philosophy.
