42 East 9th Street
New York 3, N. Y.

Dear Anna George:

I am sorry that you were troubled with a long letter from George Cartwright. I had already written him regarding the Single Tax Weekly that he is proposing. I am enclosing a carbon copy of the letter I am sending him today on your behalf.

Now, Anna, please do not let any of the School affairs trouble you in the least. Your job for the present is to take good care of yourself and get well. If things are sent to you, just turn them over to Mrs. Carlson and if she needs any help Bob Clancy and I will be right there to help her. We want you to be careful and happy - so just shoot everything back to us. I assure you all will be taken care of.

The folks here at the School all join me in wishing you a thorough and speedy recovery.

Sincerely yours,

Otto K. Dorn
