Dear Mr. Posnack:

Many thanks for your charming letter. I am delighted to know that you were pleased to have a copy of "Democracy versus Socialism". Mr. Christianson tells me that no one will make better use of it than you.

There has been a question lately of re-printing this book, but at the moment only a few copies are available. I agree with you that it should have a wide distribution, at the present time.

Mr. Christianson tells me that you are at present writing a book that will be interesting to friends of Henry George. I shall look forward to reading it.

Yours sincerely,

Margaret E. Bateman
