Mr. Charles Johnson Post
Bayside, L.I., New York

Dear Charles:

I assure you it did not embarrass me in the least when you mentioned the invitation you received from the School to speak here on the subject of Labor Relations. It just so happened that I did not know about the invitation, but after all, this is not strange since I come down to the office but once or twice a week. The work at the School is constantly expanding and we are endeavoring to facilitate matters by departmentalizing much of the work, consequently there is much done that does not come to my personal attention.

I was, though, greatly surprised to learn from Mrs. Dorn after the funeral that you were no longer in the Department of Labor. I was, of course, aware of the fact that you had lines out for another job, but I was under the impression that you were merely trying for a better job, which I trust will materialize soon.

Sincerely yours,

Otto K. Dorn
