Mr. George Cartwright
Route 2, Box 410
Modesto, Calif.

Dear George:

Your idea of a weekly Single Tax organ is good, and if you can find a group of people willing and able to finance such a project I am sure we could send you considerable material and we would also be in a position to call it to the attention of many people.

Such an organ, good as it might be, could not, however, take the place of the Henry George News, which paper has a specific mission to perform, namely, to keep students in touch with the School and the work the School is doing throughout the country.

If you do succeed in getting together a group possessing the necessary talent and funds to publish such a weekly magazine I am sure we could channel a great deal of material to your editorial desk.

Sincerely yours,

Otto K. Dorn
