Mr. Peter A. Stankeuich
115 Verbona Avenue
Floral Park, L.I., New York

Dear Mr. Stankeuich,

Mr. H. V. Childs of the Western Electric Company, a student of our Chicago Extension, paid us a visit a few days ago.

He told me he was looking for an Electrical Engineer to fill a very important position. I immediately thought of you and consequently gave him your name. I have been wondering if you had heard from him.

If you are still contemplating making a change, you might get in touch with him. I shall enclose his card herewith.

Yours very truly,

O. K. Dorn

Mr O. K. Warr

Dear Sir

Herewith are two photos of myself
which I thought might be added to the
"History" sheets which I left for you
Saturday

Sincerely

Peter A. Stankevich

Mr. John C. Lincoln
c/o Lincoln Electric Company
Cleveland, Ohio

Dear Mr. Lincoln:

Mr. Stankevich, one of our students long connected with the Brooklyn Edison Company, has asked me to call your attention to the enclosed which will tell his story better than I can.

While I am in no position to judge his technical abilities we are able to state that he is a man of excellent character. If a man with this experience would be of service to the Lincoln Electric Company, I feel sure he would prove to be a faithful employee.

Very truly yours,

O.K.Dorn
