As you know, the U.S. Catholic Bishops are preparing a second draft of their Pastoral Letter on the economy.

In seeking to call their attention to the importance of land and to Henry George's distinctly ethical approach to the question, we have prepared a mailing to 380 bishops nationwide. That mailing is enclosed.

Would you be interested in having your signature affixed to this letter? We are seeking signatories among professors who have already expressed an understanding of the significance of the land issue.

Kindly inform us of whether we may use your name in such a mailing by February 25. Thank you.

Sincerely,

Stan Rubenstein
Director
