The School is an educational body, which specialises in teaching genuine economics, and in awakening all classes of people to the existence of the SCIENCE OF SOCIETY (the most important and most neglected of the sciences).

The study of genuine economics will enable you to cast off the destructive fallacies of our time, and to grasp firmly the beneficent social truths which will abolish unemployment and our allied social evils, and promote justice, brotherhood, peace, freedom and prosperity.

KNOWLEDGE AND CORRECT THINKING ARE ESSENTIAL FOR SOCIAL SURVIVAL.

Application for membership of the School and its associate organisations is invited. Become an active supporter in our challenging task.

Subscribe to our Journal "GOOD GOVERNMENT" (\$3 per annum).
