WHEN HOMES ARE TAXED by Mary Rawson. A survey of the effect of municipal taxation on housing. Reprinted from the journal of the Community Planning Association of Canada.

WHY THE RENT OF LAND SHOULD BE THE PRIMARY SOURCE OF GOVERNMENT REVENUE Statement of policy by the United Committee for the Taxation of Land Values.

GROUP B ECONOMICS

ECONOMIC HARMONIES by Frederic Bastiat. Translated from the French. The great truth that lies at the foundation of all human society, namely, that the interests of all men are fundamentally compatible, that there is and can be no antagonism between the welfare of one and the welfare of all provided there is a free market in which goods and services are voluntarily exchanged. The author refutes the contrary doctrine which is the basis of every variety of collectivism, namely, that there is an irreconcilable antagonism between the interests of different social classes, races, nations, industries, etc. Original French edition published in 1850.

596pp paper back

£2.50

ECONOMICS IN ONE LESSON by Henry Hazlitt. "Economic fallacies are so prevalent that they have almost become orthodoxy ... the shortest and surest way to an understanding of economics is through a dissection of such errors."

143pp paper back

75p

ECONOMIC SOPHISMS by Frederic Bastiat. Translated from the French. The public has been despoiled of a great part of its wealth and has been induced to give up more and more of its freedom of choice because it is unable to detect the error in the delusive sophisms by which protectionist demagogues, national socialists, and proponents of government planning exploit its gullibility and its ignorance of economics. These essays by Bastiat aim to expose these economic fallacies.

291pp paper back

£1.50

MARX, ECONOMIC GROWTH AND LAND TAXATION by Fred Harrison. The author considers how best agrarian societies can undertake the transition from depen-

dence on traditional agricultural activity towards factory-based economies. Two theoretical approaches are examined - Marx and George - and finally the development of the once British colonial territories of India and Nigeria. ESSRA Discussion Paper No. 2. Economic and Social Science Research Association. 1975. 27pp booklet 50p

SELECTED ESSAYS ON POLITICAL ECONOMY by Frederic Bastiat. Translated from the French. Although written over a hundred years ago the topics covered - communism, trade unionism, automation, protectionism, government subsidies for the arts, welfare state, right to employment, taxes, balance of trade, government interference in free exchange, etc., - and Bastiat's lucid and eloquent arguments, have lost none of their topicality and validity. 352pp paper back £1.50

SOCIAL JUSTICE OR UNBRIDLED GOVERNMENT Britain's immediate economic difficulties are shown to be the result of a failure of parliament to impose on both central and local government the minimum fiscal and monetary disciplines necessary for the continued existence of a free and prosperous society. The paper outlines an analysis which offers the possibility of a cure consistent with justice and an extension of freedom. Paper No.4, Economic Study Association. 1976. 48pp booklet £1.00

THE SHOVELCRATS by Craig Ralston. An amusing and highly readable satire of a community that got politically and economically involved in the great "shovel monopoly". Economic principles are highlighted with devastating clarity. 50pp soft cover 50p

WHAT IS HAPPENING TO THE BRITISH ECONOMY? by Oliver Smedley. Deals with the historical conditions that have led up to the present economic and political

malaise in this country, with particular reference to the eroding effects of the planned economy, abandonment of free trade and sound money policies. A chapter is devoted to the land question and the failure of successive governments to deal with it at its roots, namely along the lines of land-value taxation. 204pp paper back £2.95

WRONG DIAGNOSIS WRONG REMEDIES by A.J. Carter. Most economic policies are based on the assumption that it is the prime task of government to maintain growth and full employment by positive economic planning. This paper questions this assumption and indicates a course of action that would achieve and maintain full employment and growth by a policy of *laissez faire* in the true meaning of those words. ESSRA Discussion Paper No. 1. Economic and Social Science Research Association. 1973. 23pp booklet 25p

GROUP C INFLATION

DEAR PRIME MINISTER A 'letter' addressed to Harold Wilson and signed by Harry Johnson, A.A. Walters, Richard Body, D.R. Myddelton, E.V. Morgan, Malcolm Fisher, Brian Griffiths, S.H. Frankel, David Laidler, J.B. Bracewell-Milnes and I.P. Pearce. The subject matter of the letter is inflation and the government's management of the money supply, money policy generally and its failure. Although addressed to a Labour Prime Minister, what is said is applicable to the other party leaders. *Economic Radicals*, 1974.
