Dear Mr. Fowles:

We are enclosing copy of a letter we have just received from Commissioner William Stanley Miller, President Pro Tem of the Department of Taxes and Assessments of the City of New York, giving the tentative assessed valuations of land and total real estate for the five boroughs of New York City for 1935, in which we think you will be interested. To find the assessed value of improvements, subtract the land value from the total value.

Yours very truly,

Walter Fairchild
Secretary
