

U. S. DEPARTMENT OF LABOR
UNITED STATES CONCILIATION SERVICE

March 21st, 1947.

Dear Otto,

I am enclosing a carbon of a letter to Miss Elviken that explains itself.

I hope I did not cause embarrassment yesterday when I mentioned her invitation. I thought it should have been cleared through you and, when you said you did not know of it, I feel that she must have gone over your head.

I have long recognized that there are a great many cross-currents in the school and Foundation and that navigation is necessary.

Yesterday was a peculiar day for me; it raised so many memories.

Sincerely yours

Charles Johnson Post
