I would like to obtain a dozen or so copies of the pamphlet which contains the papers of Dr. Gorgas and Prof. Johnson, published by the Joseph Fels Fund in 1915. I understand that a smaller edition than the original has been printed. What I want, however, is the original, which contained the portraits of both men.

Can you send me two dozen copies of "A Plain Talk on Taxation," by James R. Brown?

Respectfully

F. M. Fadelford
