Mr Alex. MacKendrick

Boston, Mass

Dear Sir:

Your recent letter is at hand and I thank you for the same. In ans^r would say that the stress of the holidays and two or three functions on the docket have prevented me from arranging a date for an address before our Mass League. This I hope to effect - early in the New Year. The League has signified its desire to have such an address & I will inform you about our plan as soon as the Holiday season is over.

Yours very truly

H. A. Mours.
