October 20th, 1915.

Mr. Alex MacKendrick Sec'y,  
 Mass. Single Tax League,  
 120 Boylston St.,  
 Boston, Mass.

My dear Sir:--

Your communication of October 19th, together with the accompanying literature received today.

This is a purely personal letter in which I would inquire about Mr. John S. Codman. Is he a gentleman capable of answering numerous questions that might be propounded, or would his address simply be one of fact without interruption? This is quite a point with us, and we have a special committee arranging on this address which will be held in the Malden High School Assembly Hall which has a large seating capacity, and we are desirous of getting the leading citizens of the town to attend on that night of his address.

Any further information that you can give me on the subject will be deeply appreciated.

Respectfully yours,

*Harry G. Johnson*

Secretary.
