Dear Mrs. Cosette:-

Is there some one from Boston who would care to talk on "The relation of taxation to community development" to the Pittsfield Board of Trade on April 3 at 6:30 P. M.? At request of F. H. Monroe I tried to make a date for John Z. White for about Jan. 30. when he is to be here, and they came back with request for date of April 3. which he cannot fill. I can go up there myself and give them a little "spell" but would prefer to have some one from Boston. I presume they will pay something toward the expense, although in my letter to them I said they were free to do it or not, according to their custom.

They want to know promptly, in order to fill out their program, so kindly let me know as soon as possible, and oblige,

Sincerely yours,

Harry W. Olney

Wish you and all of you a successful New Year.

Did you notice my "adv" on the inside of the front cover of this week's Public? It is merely an experiment, about which Prof. Johnson may have told you. I have received several early replies, but it is too soon to tell how it will "pan out".

I didn't mention "single tax" - no use
