

July 6th, 1912.

Mr. Jas. W. Bucklin,
Grand Junction, Colo.

My Dear Bucklin:

I have yours 28th ultimo and while I am rather surprised to find you still unconvinced of the correctness of the Oregon program, I am glad that you have written so fully and freely, as I have told you U'Ren and Eggleston want to know what you think. Perhaps you have ~~xxxxxxxx~~ advanced argument that will be more convincing to them than it is to me. I mean that in my judgment your assertions are unsupported and that it ~~and xxx~~ will take the fullness of time to say whether you are right or not.

I take it that you will not disapprove of my sending copies of your letter to those who have received the previous ones bearing on the subject and in this I shall include Mr. Pleydell and the other objectors. This is but fairness to them as well as to yourself.

Yours truly,

Chairman,

The Jos. Fels Fund of America.
