Alex. Mackendrick, Esq., Secretary,
Massachusetts Single Tax League, Inc.
120 Boylston St., Boston.

Dear Sir:-

I thank you for your letter of March 21st. with its invitation to become a member of the Single Tax League, and I return, duly signed, the application-blank accompanying your letter, with check for \$1. for annual dues.

I had never considered the question of single tax until I heard Prof. Johnson on the subject a few weeks ago, and have not sufficient knowledge of the problem to accept its doctrines unqualifiedly without the further study which I feel interested to give it, for it is such a radical departure from the principles of taxation as set forth and adhered to by very able men for so long a time that it invites close scrutiny.

However, I am impressed with Prof. Johnson's sincerity, and I like him personally, and for these reasons I am willing to do this much for the cause which appears to hold so much of good from his viewpoint.

Yours truly,
