Council of Georgist Organizations
Henry George Research Library

Gentlemen,

I was challenged recently to provide
~~a~~ specific references ~~for~~ to support the
statement I made on page 5 of the
(1960 article) enclosure. Obviously it is important that
I be able to "deliver the goods." So
please do what you can to help me.
What did each person say - and where
did he say it?

I continue to talk to every person
that appears at all receptive to "seeing
the cat." But I still believe monetary
reform is equally important to tax reform.
The 1908 Nobel laureate in economics agrees
with the proposals I made years ago. ^(X)

Best regards,

If you reproduce the information I am asking for - and make it available to all your organizations - I'm sure it would help our cause considerably. No?

P.S. 11/17 I sent this to 5, East 44th St. and it was returned. Wendell Fitzgerald suggested I send it to 121 - East 30th St.
