

OUR VIEW

We should take

**for the community what
belongs to the community
—the value that attaches
to land.**

We should leave

**sacredly to the individual
all that is produced by
the individual.**

Taxation of Land Values, Ltd., 4 Great Smith Street, Westminster, S.W.1.
Printed by H. J. Rowling & Sons, Ltd. (T.O.), 36 York Road, S.W.11.

IT'S

YOUR MONEY

All political parties invite you to let THEM spend YOUR money the way THEY think best.

REMEMBER.—Every penny a Government spends —for you—it has first to collect—from you.

EXPENDITURE IS OF TWO KINDS.

1. Some money is needed for defence, maintenance of law and order, the construction and repair of roads and similar functions.

2. The rest is spent on SUPPLEMENTING LOW WAGES AND INCOMES. This includes food subsidies, housing subsidies, family allowances, etc., etc.

If people got the FULL VALUE OF WHAT THEY PRODUCED they would be able—and would prefer—to keep themselves and their families without being dependent upon the State.

TAX

LAND VALUES

LAND VALUE TAXATION WILL :

1. Remove the cause of poverty and raise wages.
2. Allow you to spend your money as YOU think best.

3. Pay for all essential services.
4. Enable P.A.Y.E., purchase tax and food taxes to be abolished.

5. Establish the equal rights of all to what nature provides.
6. Make restrictions and controls unnecessary.

7. Ensure free enterprise WITHOUT exploitation.
8. Free land for building homes for the people.
9. Lay the foundations for a real state of welfare.
