Dear Floyd,

We haven't heard from you as yet; we hope you have received CGO issue #3. To ensure that we don't send anything to the wrong address, perhaps you can confirm your various addresses. Has the Mission Valley address been discontinued? Is Morley Street still in effect for BEE? How about your own office?

In CGO Issue #3 we reported that a secretary has now been engaged for the Council. He is Mark Sullivan, and has already started working. We feel that progress is being made.

At the Conference you indicated that BEE could offer \$3000. for this purpose. As the biggest item is salary, we hope you will go ahead with this.

The Council is being serviced by the Henry George Institute as a matter of convenience, since we are incorporated and have a bank account. A check can be made to HGI and it will be earmarked for the Council of Georgist Organizations. We have already started this with fund funds from the Henry George School and the Robert Schalkenbach Foundation.

I hope to hear from you soon on this.

Sincerely,

6-1459

Robert Clancy
Chairman
