Dear Mr. Nelson:

Thank you very much for your kind letter of February 24, 1980. Also thank you for the article with regard to land taxes. Many of the ideas expressed by the Land Value Tax Committee are sound economically and politically. During college days I remember studying Henry George and believing that there was a great deal to the ideas he espoused. Again, thank you very much for taking the time to write me.

Yours very truly,

Richard S. Gebelein
