Stanley A. Frederiksen
Executive Director
Public Revenue Education Council

Dear Mr. Frederiksen:

Thank you for the information on the Site Value system. We have scheduled your letter to run in the Mailbag in the near future, but had to shorten it somewhat due to its length.

We also are looking into the material you sent with your letter to see if the system might have application here. This will take some time, however, as we want to call Pittsburgh and check elsewhere to see how it has worked.

We appreciate your interest in The Globe and we are always receptive to ideas that will help the community.

Sincerely,

Oliver Starr
