NEW YORK, N.Y. 10017

Dear Bob,

Thanks for your letter of February 5. Thanks also, for the course material received earlier and for the comments about the California addresses.

Yes, "Tax Reform Australia" is the new name of the Victorian Division of the Henry George League. The change was decided by a plebiscite of members last June, after considerable discussion in preceding months.

I enclose a copy of the January Conference. The addresses will be printed in "Progress".

Overall, it was quite satisfactory, though we did not attract many outsiders (however, we did get some). We obtained limited coverage, mainly radio reports. Some of the addresses were excellent- all, I believe, were very good. Certainly our local Victorians were enthused, including some from rural areas.

Yours sincerely,

GEOFF FORSTER, *per [signature]*
Hon. Secretary.
