Dear Fellow Georgist:

The autumn leaves are flying, and, among other things, it means that it is annual contributions time for our Foundation again.

This past year has been the most successful in our entire fifty-four year history. The enclosed list of activities amply demonstrates this, and it is with this list in mind that we are asking our friends, such as you, to renew their financial and moral support for the coming year.

We have some very hot prospects in view for the near future. We are not resting on our laurels. We don't want our campaigns to falter now, not when we're trying to get a Bandwagon rolling.

We, each of us, are giving maybe a thousand dollars a year - perhaps more - to the income tax; how about \$50 or so to a tax you really believe in?

When the activists we finance go out there and visit mayors and city councilmen, you can take comfort that when you support the Foundation, you support these Georgists, and, in effect, you are with them in spirit.

You, too, can receive a grant for a Georgist project if you maintain your contributor status and submit project details to our Executive Board.

Sincerely yours,

Steven B. Cord

Mourn not the dead . . .  
But rather mourn the apathetic  
throng —  
The cowed and the meek,  
Who see the world's great anguish  
and its wrong,  
And dare not speak.
