Dear Claude,

I am writing to you instead of directly to the Single Tax Corporation since you were at the Conference and know about the Council of Georgist Organizations. I presume you received Issue #3 of the CGO.

Would the Corporation be willing to contribute to the Council? As stated in Issue #3, we have already engaged a secretary, Mark Sullivan. His salary should be divided among the "Big Three": the School, Schalkenbach and BEE; and there will be other expenses.

If the Corporation will contribute \$100. for the year, that will help. I'm becoming a little more optimistic about this venture; I think we can make progress.

Will you please present our appeal to the Corporation? A check can be made to the Henry George Institute, as we are serving the Council and are earmarking funds accordingly.

Hoping to hear from you soon.

Sincerely,

Robert Clancy  
Chairman
