Dear Jeff:

Good to hear from you after quite a while. Thanks for interesting enclosures. I'm passing on your letter and request to Stan Rubenstein and George Collins, and Mark is sharing your letter, etc. New address noted.

We reported on your 1988 activities in the Georgist Journal; don't forget to send news of your more recent activities.

We were glad to see the plug for LVT in New Options. We are making friends among the Greens. By no means are we winning them all over - see the follow-up to Mark Satin's LVT article in the current New Options - but some good "networking" is occurring.

If you don't get a subsidy for this year's Conference, you might consider some alternatives. There's a young Green in Oregon who has found a patron who helps him attend our conferences. If you can find an "angel", that could help your situation. As for myself, when I was sacked from the Henry George School, I found a job for income and worked at Henry George in my spare time.

I'm up to my neck in projects and couldn't take on anything new, but I do want to keep up with your activities.

Best wishes -

Bob
