Dear Vic-

Thanks for the \$10.

We're all out of Oser's book and I think it is now unavailable, as the publisher went out of business.

I enclose a sheet in case you want to pick some substitute material (plus the reprints).

I have a few copies of the life of Father McGlynn - you could have one for \$3.

Please specify. 2175

P.S. - Sorry about your political career. You certainly were a hardy perennial!

P.P.S. - I enclose my review anyway of the Oser book.

Its just as well you ran out of Oser book. I can use your review with a fellow who made similar criticism. Vic Wasilek
