Dear Fred,

Having just read the latest issue of L & L I thought to write you a few lines with comments and requests.

1. Last page in the fresh issue consists of Bob Clancy's interesting article. I have had interest in the activities of the China Land Reform Association in Taiwan, and now I thought to ask if you there happen to have their address, so that I could make some contact.

2. In these times we have had a lively public discussion on land taxation as one alternative method to resist the steep rise in land prices which has taken place during last year in Helsinki

Bob

Can you oblige Kalle? Will you drop him one line, even if it's only to say you haven't got the address? Notice his articles in the Finnish press, also asking H.G.'s LRT!

Fred
